Academic Master Plan

Brian Huschle reviewed the AMP Initiative Collection document. Sterile Central Processing and OER Z-degree were moved off the AMP document. By the April meeting, the committee is to determine if Digi-Key University 2.0, Development Education Curriculum, Competency Based Education, and Hyflex Delivery Mode should remain on the initiative list. Joel Ziegler questioned if the grievance has been figured out regarding hyflex delivery? Brian indicated that issue is still being worked on with the bargaining teams.

Policy Review

Lisa Bottom mentioned there are 5 policies (2000-3000 series) to be reviewed and voted on. She will forward all policies to ADawn, who will send out to the committee for review and approval in the April meeting. Ben Hoffman is requesting the committee review transfer course credits being accepted from Straighterline which is ACE accredited. Students seem to be completing 9 course credits in a matter of 4-5 days. Ben is checking with other MinnState college registrars to determine their policy regarding Straighterline transfer course credits. Brian Huschle questioned if there is a way to determine if students who have completed Straighterline transfer course credits are successfully completing core program courses.
