

Criminal Justice Advisory Board Meeting Minutes from May 23, 2007

Present: Kevin Stuckey, Jim Jesme, Dick Wittenberg, Ward Anderson, Vern Cleven, Tim Motherway, Jim Tadman, Craig Mattson

Skills Schedule- The 2007-08 skills schedule was handed out and some changes were made.

Skills uniform- There was a discussion about the new skills uniform that was used for the first time during the 06-07 school year. Comments were positive and we'll continue the use of the uniform.

Firearms- We reviewed what we're currently doing for firearms. The 06-07 school year saw many additions and a new course of fire for qualifications. All agreed with the changes and current course of fire.

Scenario Teaching- It was suggested that students have too much "down time" during heavy scenario training courses. It was suggested that we hire an "assistant instructor" to keep all students busy with scenarios for classes such as building searches, crimes in progress, felony stops and misdemeanor stops. All agreed to implement this in 07-08.

Equipment- There was a request for mics for the portable radios. Kevin will purchase them.
