	Beland	Program submitted the NCTC 5-year Comprehensive Program Review in September Administration will review by the end of this fiscal year
NEW BUSINESS:		
Program Effectiveness Data -Annual Update	Beland	Pass Rate/Scores Analysis of Class of 2023 <ul style="list-style-type: none"> • 5 extremely low scaled scores – 2 didn't pass on first attempt • 83% pass rate – no less than 80% is the program goal

		<ul style="list-style-type: none"> Compared scaled scores with Class of 2022 where 100% past the first attempt <ul style="list-style-type: none"> Class of 2023 lowest categories 8.0 in both Radiation Physics and Radiobiology and Extremity Procedures (Class of 2022's was also Radiation Physics and Radiobiology with a 7.7, so 8.0 is an improvement) Class of 2023 highest category: 8.4 in Image Acquisition and Evaluation (Class of 2022's was 8.7 in Radiation Protection) National 5 year averages (2018 – 2022) were compared <p>Employment Rates: 100%</p> <p>Program Completion Rates: Retention rates are calculated differently for the college vs. the JRCERT</p> <ul style="list-style-type: none"> JRCERT doesn't require personal reasons for leaving the program as retention issues, the college does Retention data shared with the board 5 year retention rate for the JRCERT is 69 of 73; 94.5% (2019 – 2023)
Supervision Policy Review - Annually	Tull	<p>Supervision policy reviewed by advisory members</p> <p>Tull explained the new implementation of the Trajecsys "evaluation" for clinical staff supervision review to be completed annually</p> <ul style="list-style-type: none"> This tracking system also for easier access and compliance of technologists
Change in SLO#5 Calculations	Tull	<p>Clinical V – Critical Thinking Performance Evaluations calculations to point sum as this is how other assessments are calculated for accuracy and equivalency</p> <ul style="list-style-type: none"> Used to be a %, now scale of 1-4 Program benchmark: Sum point averages of 2.7 or >
Action Plan Review	Tull and Beland	<p>New action plan implemented for Rad Bio/Protection Project as it is newly unmet</p> <ul style="list-style-type: none"> First class to have this unmet – goal: 100% of students will score 90% or higher Class Averages: <ul style="list-style-type: none"> 2023 – 84% 2022 – 97% 2021 – 98% 2020 – 98.75% 2019 -- 97.5% Lack of efforts in projects is noted – submission lengths and depths were not appropriate even with requirements laid out in the rubric and instructions Team work was lacking on all projects – also a focus of the project that was missed for this cohort – reflects overall assessment of some of the Class of 2023 Rubric will be restructured for Class of 2024 to use this spring

Contingency Plan Updated	Beland	<p>The Contingency Plan was updated with our program handbook with more specifications of roles and expectations vs needs</p> <ul style="list-style-type: none"> • Advisory members reviewed and approved
Rad Tech Boot Camp	Beland and Tull	<p>Officially being utilized throughout the entirety of the program!</p> <p>Students enjoy the added resource</p>
Procedural Course Test Outs Addition	Tull	<p>Critical Thinking Assessment added to Procedural Test Outs</p> <ul style="list-style-type: none"> - A few points added into the Test Out calculation for additional critical thinking analysis - Started with the fall semester 2023 (Class of 2025)
Northland Bonding Project	Beland	<p>300's south wing of EGF campus undergoing bonding project</p> <ul style="list-style-type: none"> • 1 semester's worth of construction (hopefully) <p>Lab and hopefully addition of a program classroom are part of the Dec 2024-Aug 2025 bonding project</p> <ul style="list-style-type: none"> • Requested our lab to be intact during construction for use; program requires an energized lab for accreditation, at all times
Clinical Updates	Tull	<p>Ortho rotation change</p> <ul style="list-style-type: none"> • Lengthened rotation for ortho after student evaluations requested more quality time here • Used to be a part of the SOF rotation, now it is RSC and Ortho is a rotation by itself and FMC is mixed in with the South and FMR rotation for Altru Clinic Rotations • Implemented for the Class of 2025 and moving forward <p>Disaffiliation of Essentia – Fargo Clinical Location was shared</p>
Application process	Beland	Starts Nov 1 st
Additional Comments/Questions of Committee Members		<p>Site Evaluation to be shared with supervisors and Clinical Preceptors alike to improve departmental needs</p> <p>Concern expressed about students' willingness to participate in surgical cases early in the program, especially at South Campus, but elsewhere is also noted</p> <ul style="list-style-type: none"> - 1st year students are trending to avoid surgical opportunities - Program faculty will reiterate the importance of every opportunity to attend surgical cases and actively participate - Students attending South rotation should wear surgical scrubs

		<ul style="list-style-type: none"> - Technologists/Clinical Preceptors are encouraged to reach out to Clinical Coordinator, Ryan Tull or Program Director Deb Beland if the lack of effort continues as the program knows of its importance for future professional duties
Next Meeting:		March or April?
