

WELDING ADVISORY COMMITTEE MEETING
October 8, 1997

Members Present: Dale Wennberg, Ralph Williams and Robin Foster.
Guest: Don Howe

Dennis informed members on the status of enrollment of full and part time students.

The major portion of time was spent on the up coming Demo day. Don gave a recap of what had been done in the past and asked members for input into the next one. It was decided to go with the same format as in the past.

Dennis asked members for there feelings on getting a Robot, Ralph feels it's a must. Ralph and Robin say Industry wants people who have the Robotic skills.

Dennis informed members of the change to Semesters for next year. Dale asked if they would get to have input into curriculum changes. Discussion on what should be changed followed and Dennis said he would make the necessary course changes.

The meeting adjourned at 5:20pm.
