

Quality Matters @ Northland Update

February 2015

Sub-Group Report

Sub-group Members: Zack Nicklin, Mary Amundson, Dorinda Sorvig, Karen Znadja & Beth McMahon

This group met in January to discuss and brainstorm ideas for moving QM forward at Northland and is asking that the eLearning Committee to support the following ideas:

- Inclusion of a standing item on the eLearning Committee agenda related to QM to keep all up-to-date.
- Determine process for celebrating QM Certification as it occurs (i.e. email to college community, monitors on campus, other media??)
- Annual spring celebration of certified courses as well as more visible celebration as each course is certified. The first event could be held in conjunction with the planned Technology Fair tentatively scheduled for May, 2015.
- Monthly brownbag sessions focused on best practices in course design – held on each campus with a virtual component as well – coordinate with faculty development coordinator to schedule & promote these sessions.

Professional Development Completed

APPQMR, Peer Reviewer or Master Reviewer registrations since 7/1/14

APPQMR	1
Peer Reviewer Course	2
Master Reviewer Course	0
