The Buzz

What You Need to Know, Now!

Land the job of your dreams as a cosmetologist, stylist, sales representative, makeup consultant, manicurist, esthetician, or hairdresser.

At Northland you'll learn the art, science, and business of beauty care: permanent hair coloring, hair styling, hair shaping, nail and skin care.

Be a general cosmetologist or specialize in your favorite area. Learn with a combination of classroom and lab work ... on mannequins and on clients who use our Northland salon. The lab is operated like a commercial salon, so you'll get experience taking appointments, working with a variety of hairstyles and requests, and gain strong customer service skills.

Business

“She was using way too much!”

Shocking Confession!

Student Admits:

“I Was Addicted to Aquanet.”

In-Class Intervention Prevents Tragically Crunchy Hair

A quick thinking classmate averted a disaster when she pried a can of Aquanet hairspray out of the hands of a fellow student. “She just kept spraying. I didn’t know what to do. It was really scary,” the shaken-up classmate said. Friends knew something was terribly wrong when the cosmetologist-in-training literally disappeared into a white cloud of Extra Hold Aquanet.

Luckily, proper application of hair product had been covered in the previous week’s Product Knowledge class. “It was obvious that the hairstyle would work better with mousse, so we pried the hairspray out of her hand and replaced it with a can of our salon-quality mousse. I don’t know what would have happened if we had missed that day of class.”

Northland Style Tip

Pay Less for School.
Keep More for You!

You Can’t Foil Me!

Those expensive private schools don’t *teach* you more
They just *charge* you more!

When you’re in college, it’s important to have some extra change in your pocket.

You never know when you’ll need it for dinner and a movie with friends, a must-have RedBull to get your eyes open first thing in the morning, or to pay that cell phone bill (Gotta talk to friends back home, right?).

Bottom line? You’ll spend less for tuition and books at Northland than you would at many of those private beauty academies.

So what will *you* use that extra money for?

“Spring Break here I come!”

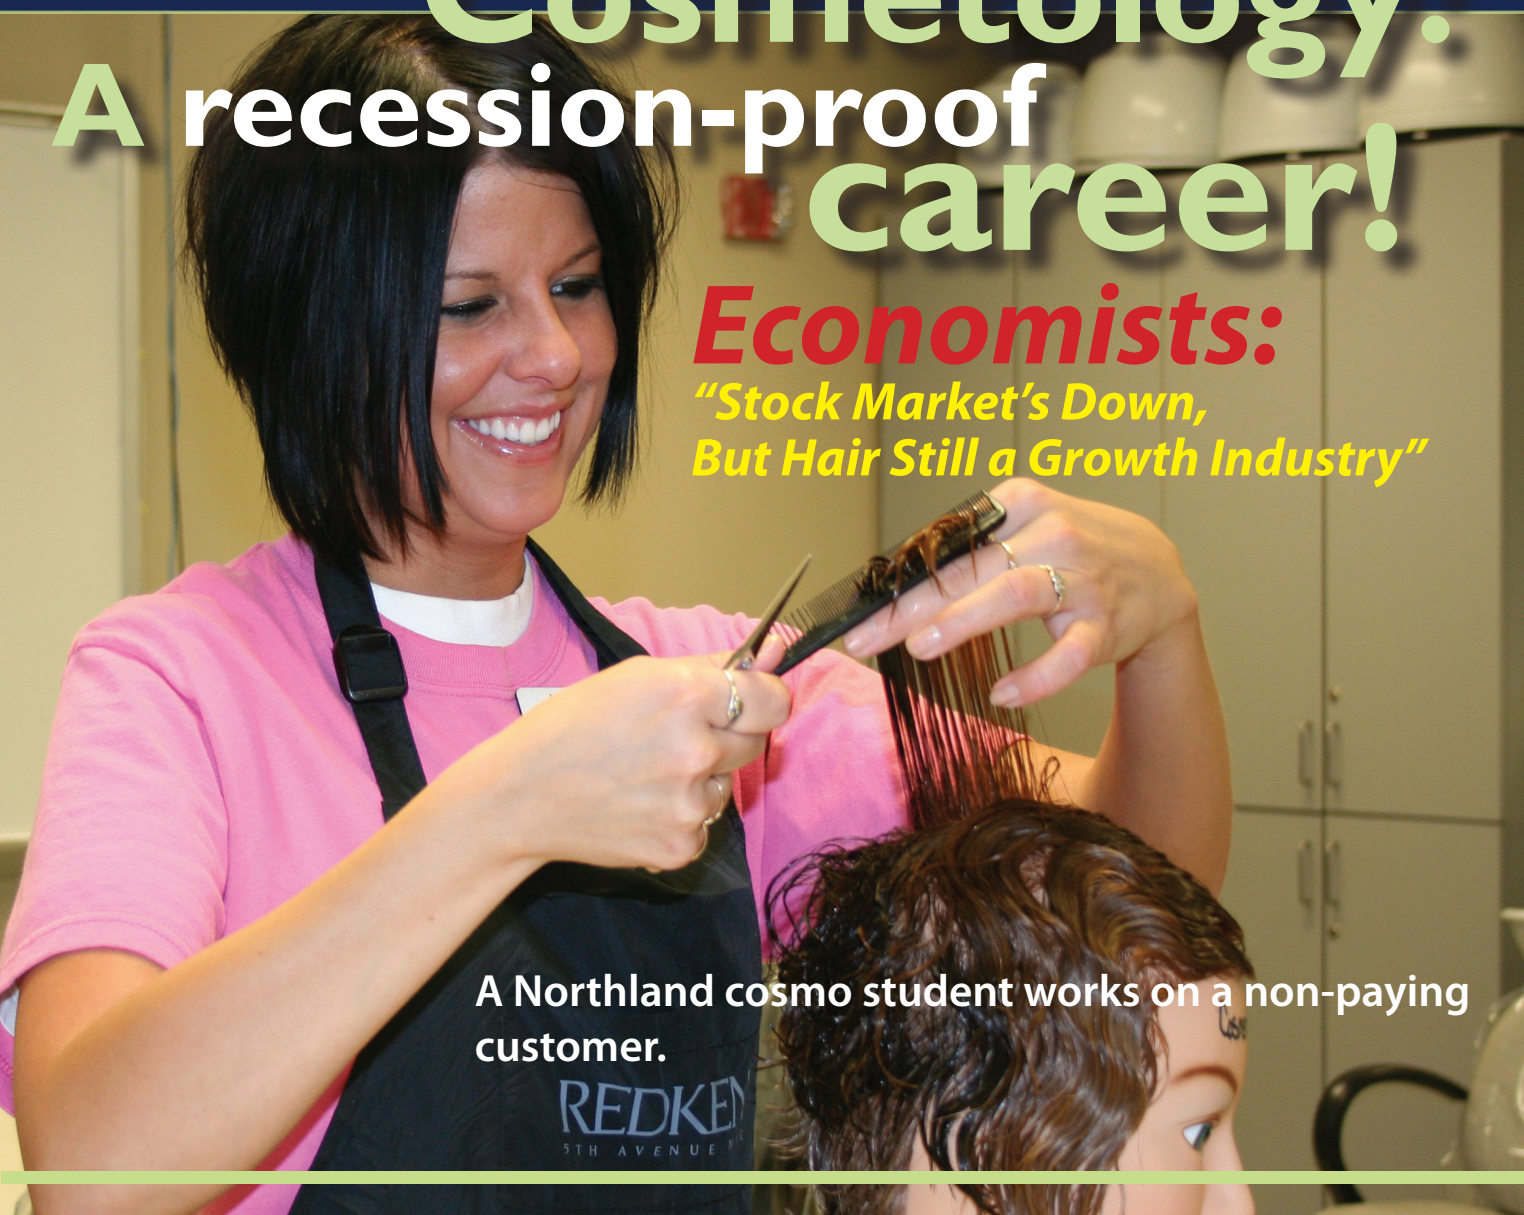

Recent government figures show that despite the down economy, people still want to look fabulous. As a result, cosmetologists remain in high demand.

“I hear all this talk about recession, but my customers’ hair grows as fast as it ever has,” one salon owner reports. “Looking great is the best investment you can make right now.”

Cosmetology: A recession-proof career!

Economists:
“Stock Market’s Down,
But Hair Still a Growth Industry”

A Northland cosmo student works on a non-paying customer.

Northland Style FYI

**No Stylin' without a License!
What it Takes to Get Legit**

Though it might be fun, you can't just start clipping, waxing, foiling, polishing and exfoliating whenever you feel like it. You need a license first.

A total of 1550 hours of coursework in cosmetology is required to meet examination entrance standards to become licensed. And of course, you'll want to do those hours at Northland.

Northland is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, (800) 621-7440, 30 North LaSalle Street, Suite 2400, Chicago, IL 60602-2504.
