Q4. Do you have any additional technology needs?

none that I can think of

one more computer in the vet center

no everything is at home

no not really

New computers that don't suck.

none

It was much better with a printer in the Cyber area.

No.

A color printer readily available to students who have to print in color for assignments.

More media drives on the student computers.

It would be nice if the library could be open later during the week. I prefer using the computers there because of the quieter environment.

No

no

NONE

A little more lecture time versus so much lab time. Too often it is hard to understand what is going on because we never go over anything.

no

Q5. What technology training would you like have to available?

I would like a class that could teach me how to maintain my personal comp. and something about how to get free antivirus protection.

electronics

how to use the computer to its greatest potential

i dont know

N/A

n/a

CAD drawing or other CAD program that fits the requirements.

None.

How to use the various drives (P drive, etc), and explaining all the different printers, and how to set a new printer.

none

??

can't think of any right now

I am fine with what I have

none

not sure

i dont need any

My mom would like to learn more about practical computer technology. It would be nice to have a class or classes available to the public.

More class time

general uses of the computer related to financial aid

NONE

i don't know.

Q6. Please submit additional technology-related ideas and comments.

I would like to see students being able to bring in there own computers to have them fixed or whatever, like we can do with our cars.

Your computers take way too long to warm up, plus they have to constantly be rebooted just to continue using them which sucks

power point training

Mice, monitors, and new computers that can actually handle the programs we are using for our classes would be nice.

Laptops should be issued to everyone. Also I know in some areas of the school it is hard to get wireless

n/a

We should sell computers through the college. Some individuals would like to buy a computer right from the school.

The cafeteria is too loud sometimes with everyone playing there music; if there was someway you could disable the speakers it would be great!

none

??

Mouse pads at the computers would be awesome.

none

I DON'T THINK YOU SHOULD BE CHARGED PRINTING FEES IF YOU'RE PRINTING REQUIRED NOTES FOR CLASSES ON D2L

none

don't have any

It would be nice if more printers where available

I know sometimes this can't be helped, but yesterday the servers were down. I don't have the Internet at home, so I rely on using the computers at school.

Additional Class time with teachers

NONE
