### Fire

Immediately evacuate building using the nearest exit and step 100 feet away from building. You will be notified when it is safe to re-enter the building.

### Tornado

In the event of threatening weather, the college will instruct you to immediately shelter in the designated areas. Crouch down and cover head and neck with arms. Stay in shelter until an "all clear" announcement is made.

### Security Phones

When the receiver is picked up the phone will direct dial to the security personnel on duty. Security personnel is available in the evening when scheduled.
