Absent: Andrew Dahlen, Becky Lindseth, Biggi Haraldsson, Curtis Zoller, Jeffery Laskowske, Julie Fenning, , Shannon Boen,

Meeting Minutes

Julie was unable to attend the Safety meeting and asked Bob and Clinton to lead the discussion for today's meeting. Julie sent a message to Bob and Clinton saying any emergency items that were brought to the meeting would need to be e-mailed directly to Julie and she would address them when she returned or she would address issues at the next Safety meeting in March.

1. Injury Report – EGF reported no injuries for the last month. TRF mentioned an injury that had been reported in an earlier month. It concerned someone slipping on the ice outside and hitting his head on the ice. Clinton said this would have already been reported at an earlier meeting.
2. 300 Log has been posted in EGF. Clinton was not sure if it had been posted in TRF.
3. Grouplink Tickets – Clinton and Becky have spoken about this issue and will continue to make it more efficient.
4. Safety Inspection – Clinton mentioned that an area of the TRF building was inspected twice by two different groups. He assumes there was a miscommunication and will find out what part of the building still needs to have the inspection completed.
5. Other Items –
 - a. Snow removal will continue for a while with all the new snow.
 - b. All other agenda items will be forwarded to next month's meeting.

Next Meeting: March 20, 2012
